

WHY WI CPCP?

WI CPCP is here to guide primary care providers through challenging pediatric mental health cases.

- guidance from board-certified specialists
- increases PCP confidence and comfortability with providing pediatric mental healthcare
- saves time for PCPs and staff
- confidential support at no cost

Funded by the Wisconsin Department of Health Services, Wis. Stat. §§ 20.435 and 51.442, and in part from the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of a 3-year cooperative agreement

Schedule a WI CPCP clinician to present on a topic of choice

TESTIMONIALS

“

As a primary care provider, I've found the WI CPCP to be an invaluable resource when addressing mental health concerns with my patients.”

“In non-acute situations, I can explain to the family how WI CPCP allows me to formulate a plan and get expert advice.”

“The responses from WI CPCP are always comprehensive, giving me confidence when discussing mental health with my patients.”

“Recently, I faced a challenging case, and the thorough advice from the WI CPCP psychiatrist went beyond my expectations, providing multiple treatment paths.”

“I can't sing the praises of WI CPCP enough; their support has been essential in my practice.”
